

Afterschool Program 2018-2019 Schedule and Registration Form

Dear St. Patrick families:

The Sharpen the Saw principle is to maintain and increase effectiveness; we must renew ourselves in body, heart, mind and soul. To live by the number **7 Habit, St. Patrick After-School Program** offers a wide variety of extra- curricular activities and sports for your children to balance out work and play. Attached, you will find the **schedule and registration form** for the different activities available for students from Jr K to 12th grade.

The **registration process** for the After-School program starts on **Tuesday, August 28th**. Please follow these **two steps** for the activities **with a fee**:

1. **Fill out the registration form for the after-school program and take it to the administrative office to complete payment for the chosen activity or uniform if required.**
2. **Hand in the form to Damián Rodríguez, the After-School Program Coordinator**

Note: Karate, Young Chefs, Robotics and Music classes are paid directly to our partner academies. See last page for contact information.

For activities that do not require payment, hand-in the registration form directly to Damián Rodríguez, the After-School Program Coordinator.

Please remember that your **child can only be registered in one sport and one club**, giving opportunity to all our children and promoting equity. **Class size is limited for all activities.** This will guarantee quality lessons and appropriate discipline in the activities.

Afterschool Activities Start on September 3rd

It is very important that **you commit to pick your child up no later than 20 minutes after the class ends.** The failure to comply with this will be reason for your child's suspension from the After- School Program.

Let's Sharpen the Saw in a fun way with the **"St. Patrick After-School Program."**

Sincerely,
Damián Rodríguez Ruiz
After School Program Coordinator
